It's time to grab your parachute pants, banana clips, and homework assignments, and head back to the 1980s! This hilarious new show will have you laughing and singing along to the '80s song hits you love like "I think We're Alone Now", "Hungry like the Wolf" and so many more...but we're not going to spoil all the fun!

Totally Electric is the rockin' good time that will have you reminiscing about your own high school days--be they two or twenty years ago--before the night is over. Come relive the days of Day-Glo, Jordache and jelly shoes with the musical that audiences can't stop talking about!

Totally Electric begins at the high school reunion for the West Lake High School Class of 1989. When the West Lake show choir (The Syncopated Sensations) are unable to perform at the reunion, we flash back to just another "Manic Monday" in the 80's, reliving the Sensations' final week at West Lake. Each armed with a unique personality and special contribution to the group, the Sensations find friendship and acceptance in their group, but the "Soc's," the mean clique whose primary goal seems to be making the Sensations' last days of high school a miserable experience. NEVER FEAR, the Sensations are ready to show the rest of West Lake High School what they are made of as the year's final pep rally approaches. Through their determination, talent, and friendship **and** with the help of some new friends, the '89 Sensations will leave their mark on West Lake forever!

Totally Electric premiered at the Duplex Cabaret in New York City in March, 2007. Since then, the show has toured throughout the southeastern United States, with productions in Tampa, Orlando, Riverview, and Sarasota, Florida and New Orleans. Now it's coming soon to Denver, Colorado!
